

Current Holders of the British Association of Laser Safety Certified Laser Protection Advisor (LPA) Certification

Certified Laser Protection Advisors (LPAs)

As at 1 July 2026

Notes

1. All individuals listed below have successfully completed the British Association of Laser Safety certification process and have demonstrated competence in their respective field(s) of laser safety.
2. Certification is subject to annual renewal. Users of this directory should confirm that an individual's certification status remains current by ensuring they appear on this register with an active certification date.
3. Only individuals included within this directory are authorised to describe themselves as a **British Association of Laser Safety Certified Laser Protection Advisor (LPA)**.

All enquiries for Laser Protection Advisor Services should be made to
